2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils. with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/. For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/. For additional information about the school, parents/guardians and community members should contact the school principal or the district office. DataQuest is an online data tool located on the CDE DataQuest web page at **DataQuest** https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). California School Dashboard The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and California School schools are meeting the needs of California's diverse student population. The DASHBOARD Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. Internet access is available at public libraries and other locations that are publicly **Internet Access** accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available

on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Roseland Creek Elementary is a beautiful elementary school located in southwest Santa Rosa. We are the newest of three elementary schools in our district and serve students from transitional kindergarten through sixth grade. A large percentage of our students are second-language learners, and students, parents and staff are very proud to be here! As with all schools in our district, we participate in the Accelerated Schools Plus Project. This school governance system encourages collaboration between students, parents, staff and community members and allows us to work together to make systemic schoolwide improvements as needed. Students, families and staff share a sense of community, empowerment and leadership. We believe all of our students are gifted and talented, and we relentlessly strive to challenge and support them to reach their highest potential. We also strongly believe in continuing to learn and grow as professional educators through ongoing professional development. We provide the foundation that our students and families need to prepare for success through college.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks utilized at all grade levels in all core curriculum areas are those approved by the State Board of Education or aligned to California state teaching standards. Students have access to standards based textbooks and instructional materials in all core areas. Each student has access to their own textbooks and instructional materials to use in class and to take home.

School Facility Conditions and Planned Improvements

Roseland Creek opened in 2012, and is a beautiful, state-of-the-art educational facility. Our custodial team is dedicated to maintaining our lush landscaping and keeping our facility in like-new condition. Visitors frequently comment on the cleanliness and award-winning design of our campus.

We have numerous classrooms, a computer lab, library, five special-education and counseling rooms, a multipurpose room with gymnasium flooring, and a large performance stage. We have one play yard shared by our transitional kindergartners and kindergartners, and a larger play yard for grades 1-6. Both play yards have custom play structures that students helped design, and our larger yard includes a sports field the size of multiple soccer fields.

While students are on school grounds before school, at recess time, during class time and directly after school, they are under the supervision of their classroom teacher and/or instructional assistants.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Roseland Creek's active parent involvement program includes an English Learner Advisory Committee (ELAC), a School Site Council (SSC), Parent Advisory Committee, family nights, monthly Parent Information Meetings, parenting classes and seminars. For more information on how to become involved, please contact the Principal, Jennifer Dominguez at (707) 543-2800.

2023-24 School Safety Plan

A comprehensive School Safety Plan has been developed and includes provisions for fire, earthquakes, and unsafe neighborhood conditions. Teachers are trained yearly regarding universal procedures and other school safety issues.

The School Safety Plan was most recently reviewed and updated in October 2023. It was discussed with school faculty in the Fall/Winter of 2023. Safety Plans will go before the board in February 2024 for approval.

Professional Development

Offering ongoing professional development for our staff is a top priority for the Roseland School District. Staff members participate in trainings and workshops throughout the school year. Focus areas have been a result of "District/School as a Whole" decisions made through the Accelerated Schools Process and the LCAP, and have included multiple trainings on Common Core implementation and instructional practices that support student achievement with a focus on Language Arts/Literacy, Mathematics, Social- Emotional Learning, English Language Development, Technology and Science education. Workshops provided by the Sonoma County Office of Education also provide a wide array of choices to support teachers in their ongoing professional development. Teachers new to the profession participate in the North Coast Teacher Induction Program (NCTIP), and are provided with on-site support.

There have been 15 days provided for professional development and continuous professional growth in the most recent three-year period. Professional development is delivered during staff development days, Wednesday staff meeting time, online, after school, or at conferences. Implementation of district/schoolwide agreements and focus areas is supported through grade level collaboration meetings, teacher-principal meetings and by the ASP coaches, academic deans, and other staff.

This table displays the number of school days dedicated to staff development and continuous improvement.
