

April 4, 2020

Dear RSD Families,

First and foremost, I hope you all are staying healthy and finding time to take good care of yourselves through these tough times.

A lot of questions are coming up, especially now that we are for sure not returning back to campuses this school year and will be educating your child/children through distance learning. Please know that teachers are working diligently to stay connected to their students while providing distance learning instruction.

Important Information

- School breakfast/lunch distribution is on the following days/times at Roseland Elementary School (950 Sebastopol Rd):
Mondays from 11:00am-1:00pm (families receive meals for Monday and Tuesday)
Wednesdays from 11:00am-1:00pm (families receive meals for Wednesday, Thursday, and Friday)
- You will be receiving information from your child's school regarding the distribution of chromebooks for those in need
- If you have specific questions, please leave a message at your child's school office and someone will return your call. You can also email your child's principal or teacher directly.
- Please know that all students will in fact be promoted to the next grade level under the circumstances unless there is a specific circumstance prohibiting advancement. If this is true for your specific child, you will directly be communicated with from your child's school.
- If your child is in **6th** grade, **8th** grade, or **12th** grade, I'm sure you are wondering about the graduation ceremony. At this point in time we are just not sure what the county will allow us to do or not do come late May. As soon as we have a plan in place, we will be communicating this information to all affected families. We are sorry for this very disappointing inconvenience as we know how significant graduation is to our students and their families.

I thank you for choosing the Roseland School District to educate and care for your child. It's an honor to serve as your child's Superintendent of schools. Please stay healthy and safe.

Sincerely,

Amy Jones-Kerr
Superintendent
Roseland School District
