

## **Title One Parent Notification**

Each school in Roseland District and Roseland Charter has a schoolwide Title I program. Schoolwide Title I schools receive federal funding for educational programs that ensure that all students, particularly those in need of additional support, can demonstrate proficient and advanced levels of achievement on state academic achievement standards. A schoolwide program (SWP) is a comprehensive reform strategy designed to upgrade the entire educational program in a Title I school. A partnership between home and school is vitally important for student achievement, growth, and learning. Here in Roseland, we are committed to offering ways in which parents can be involved in their child's education and contribute to the school's ongoing improvement plans. We invite parent participation through the following ways:
