July 16, 2020

Dear Roseland School District Families,

First and foremost we hope your family is healthy and safe. Please know that we greatly miss our students and hope to get back to some form of normalcy soon.

Previously, we have communicated with you about possible educational program options for the 2020-21 school year, including a possible Hybrid Model where students would receive instruction at school two days a week. However, due to the current COVID-19 transmission rates in our county, we have been left with making the very difficult decision to recommend to our school board that we move to full Distance Learning to begin the school year. Please know that this decision did not come easily; however, the health and safety of our students and staff is our top priority.

When participating in Distance Learning, your child(ren) will be learning from home five days a week through the support of your child(ren)'s teacher(s). At this point in time, the duration of Distance Learning is not yet determined. However, our hopes are to return back to in person/at school learning as soon as it is deemed safe for our students and teachers.

We will be reaching out to you in the near future with more information about Distance Learning. We are working to provide the support, materials, and instruction your child(ren) need to be successful.

School offices will be open on August 3rd. Please feel free to reach out to the Roseland District Office at (707) 545-0102, or contact your child(s) site principal:
